

For confidence in your seating.....

LOOK FOR THE **BASES** LOGO

For most organisations, a new spectator seating system represents a major investment. By choosing a BASES member as your seating supplier, you can minimise the risks associated with your purchase. You can also be confident that your chosen company can deliver a safe and proven product in a professional manner.

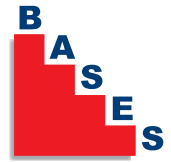

WHAT IS **BASES**?

BASES (the British Association of Seating Equipment Suppliers) is an independent trade body representing manufacturers and suppliers of audience seating.

There are strict conditions of membership, and all members abide by a code of practice – ensuring that customers benefit from exceptional quality of service, reliability of product and adherence to industry standards.

**An independent trade association for manufacturers
and suppliers of spectator seating**

WHY USE A **BASES** MEMBER?

The BASES logo is a guarantee that a company has fulfilled a number of membership criteria – the same criteria that many customers use to filter potential suppliers.

BASES members will:

- **Meet minimum standards of experience, proficiency and commercial competence**
- **Comply with relevant British and European standards (BS and CEN)**
- **Have a minimum of £10m public liability insurance**

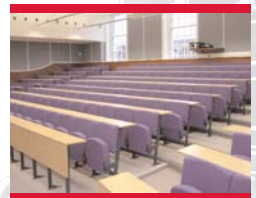

In the unlikely event of a dispute with a BASES member, a free and independent mediation service exists to ensure that customers can find a satisfactory outcome.

THE VOICE OF THE INDUSTRY

Because BASES works at the forefront of the seating industry, you can be sure that BASES members will be fully informed of all the latest developments, standards and regulations.

BASES' work includes:

- **Production of industry guidelines**
- **Liaison with relevant bodies including the Department of Culture, Media and Sport and sports governing bodies**
- **Lobbying of both UK government and the EU**
- **Representation of the industry on national and international standards boards**
